Description

Furnished Single Story electric Home in the mountainside, completely furnished including décor, dishes and linens. 3 Bedroom 3-bathroom single story home. This home has a couple space options, we can call it a flexible floor plan. The atrium off the great room is a private space with plants bringing the outdoors, inside, or could be used as a multi-purpose room depending on your needs. The kitchen is state of the art with high end stove and hood in the island and modern customs cabinets, stainless appliances, a built in oven & micro, wine fringe and granite counters. The Master bath and separate closet/ dressing area is a big plus. There is a larger patio with sea view outside the great room and a fire pit. It's awesome to have 2-double car garages. Or One RV garage. One of the garages has a full bathroom and plenty of room to put up a wall for another master bedroom (giving the home 4 bedrooms) and still have room for 2 smaller cars... OR create a full casita with living room, kitchen and bedroom just by adding one wall and change the garage door. The other garage is a standard two car garage. There is a roof top deck with great views of the sea of Cortez and the mountains. .
